

PRIORITY GEOTECHNICAL LIMITED

STATEMENT OF POLICY FOR HEALTH AND SAFETY AT WORK

Priority Geotechnical Limited fully endorses a complete commitment to health & safety at work.

Priority Geotechnical Limited is committed to the protection from accidental loss to both its employees and property. In fulfilling this commitment it will provide and maintain a healthy and safe working environment in accordance with the Association of Geotechnical Specialist Safety Manual and compliance with legislative requirements. The company will strive to eliminate any foreseeable hazards which may result in fire, security losses, damage to property, personal injury or ill-health.

Accidental loss can also be controlled through good management in combination with active employee involvement. To secure this, management will ensure that safety is fully considered in the concept, design, operation and maintenance of facilities and equipment.

All employees will be provided with appropriate training and supervision to enable them to perform their work in accordance with the established operating philosophy and procedures.
